

# 2018 SFLOA Newsletter

Included with this package are:

- This Newsletter – see page 2 for Winter Get Together planning
- Your annual maintenance fee

The mandate of the Sherwood Forest Lot Owners Association includes ongoing care and maintenance of Sherwood Forest Road and right-of-ways (to the lake). We try to have fun doing it.

## 2018 Road Update

The road was well cared for. And, thankfully, the winter of early 2017 was uneventful. In the Spring, a new culvert was installed by the turtle pond. In June, the road was graded and graveled and for the first time, two coatings of TDS (a tree root derivative) was applied for dust control. Then this fall, the road was bushed from Hwy 14 to the end.

There is one remaining old culvert (near Hwy 14) that should be replaced at some time.

Travis is looking after snow removal. If you'd like him to clear your driveway, you can contact him at 902-277-0405.

## Association Annual General Meeting and Summer Party

The **Association AGM** was held on August 19<sup>th</sup>. There was an excellent turn-out.

Vince Rines has stepped down as president. The Association would like to thank Vince for the many years he acted as president and for his help with and on the road.

### New Executive Positions

President – Peter Shortt

Treasurer – Michael Connors

Director – Dave Usifer

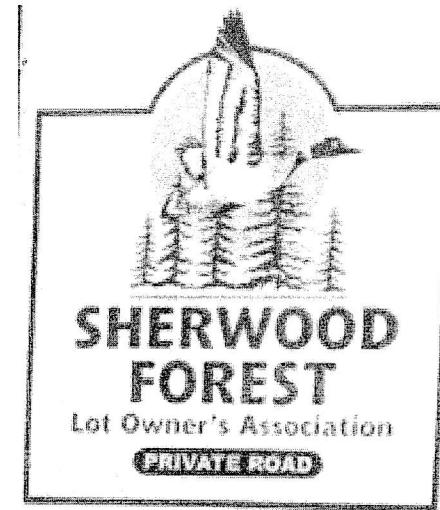

### Returning Executive

Vice President – Goldie Betts

Secretary – Jo Marchand

Road Operations – Cecil Poole and Ron Riles

Director – Brian Terry

Members in good standing are encouraged to attend the AGM and contribute to discussions and decisions about the road and the way your road dues are spent.

All positions on the board are open for volunteers to be on the executive.

For the first time in many years, it rained the day of **the summer party**. The only damper was that we couldn't have either the bon fire or fireworks (we'll save them for this year's party). A good time was had by all.

The party continues to be self-sustaining. Funds raised through the "brown bag" auction, 50/50 & glass turkey draws provide the necessary \$\$ to ensure party supplies (and the fireworks) are taken care of.

### The Lake

The lake is good and, at this writing, people have been skating.
