

05/30 Susan and Peter will host the summer party this year. Thank you.

Neighbourhood Yard Sale

Jo noted that Chester Municipality advertises a Mayfest Yard Sale and publishes a brochure with all addresses that wish to participate. Jo has registered the Sherwood Forest Neighbourhood Yard Sale. Lot owners are encouraged to register if they wish to participate. A sign will be placed at the entrance to the forest road at Hwy #14.

New Business

Peter suggested it may be an advantage to have a **"port-a-potty"** rented for the summer party. He will find out the cost.

05/30 Peter contacted Dalton Jodrey's Plumbing and Heating. \$120 for 1-7 days. Sounds pretty good.

Paula noted that some **trees are very close to the power lines** and wondered who is responsible for clearing them to prevent power outages caused by a fall. Goldie will contact NS Power to find the answer.

05/30 Goldie spoke with their neighbor who works as a linesman for power corp. He said as long as the it is the main line then it is NS Power's responsibility to keep the line clear. If it is the line going to your place then it is the lot owner's responsibility.

Ashley expressed concern regarding the **garbage pile #241**. Looks like the bags have been torn apart by racoons and the smell is disgusting. Could easily attract a bear. Peter will contact the municipality to understand if anything can be done.

05/30 Peter contacted the municipality who advised that the Building & Fire Inspection Department would be the responsible party. The number was provided to Ashley who called and – coincidence or not – the garbage is gone.

The meeting adjourned at 2pm.
