## December 2025

Well, it's another year in the books! Hoping you and yours have lots of wonderful 2025 memories and are looking forward to new adventures and experiences in 2026.

In this edition, we wanted to bring you up to date on a few things that have happened since the fall and send our seasons greetings to all.

The garbage hut and the recycle shed locks have been removed for the winter season. If you do drop off any garbage/recycle items, please ensure that the doors are tightly closed.

For those of you that haven't been in the Forest since the fall, both sides of the roadway, beginning at Hwy 14 to the Turtle Pond have now been brushed. Check out the videos on our website showing before the brush and after the brush! Play them at the same time and see the difference! Thanks to Brenda Daugherty and Cece Reinhardt for taking and uploading these videos.

Travis has been secured again this winter to provide snow removal and sanding, as required. Aaron Mason, Roads Director, will contact Travis for

any out of the ordinary weather-related situations.

Please use the [VOTE HERE](#) link to provide your input into Traffic Calming measures that you would like to see on Sherwood Forest Rd. These additions will help make our road safer for everyone. Your responses will be sent to the executive for final decisions. Polling will be open until March 1, 2026

**EIGHT** months until the Summer BBQ!!!

261 Sherwood Forest Rd  
Brenda Daugherty and Cece Reinhardt's home  
August 15 OR 22, 2026 will be the date!

Over the winter months, we will be updating the “look and feel” of the website and adding in lots of new information.
